BOOK SYNOPSIS

"This book is aimed at students of film studies and general readers interested in a comprehensive introduction to the field. It addresses techniques and terminology used in film production and film criticism, emphasizing thinking and writing critically and effectively about film. Organized in three parts, the text focuses on the fundamentals of film analysis before moving on to more complex topics." "Part III introduces readers to interpretive frameworks that treat cinema as a cultural institution. This section encourages readers to move beyond textual analysis and consider the relationship between film and culture. Readers learn to form sophisticated arguments about film in cultural, historical, and economic contexts."-BOOK JACKET.
